SUBJECT INDEX, VOLUME 140

- Alabama, population dynamics of Alabama beach mice 287
- Ariolimax columbianus*, seed dispersal potential .. 103
- Baylisascaris procyonis*, transmission by raccoon latrines 180
- Birds, breeding ecology of greater prairie chickens 111
- community relations to woodland succession .. 372
- reproduction of cavity-nesting birds 122
- seed processing by frugivorous birds and germination 129
- shorebird use of wetlands 140
- Buchloe dactyloides*, adaptations 252
- California, ant invasion patterns 343
- helminth in western fence lizard 186
- Celtis occidentalis*, hackberry nipple gall insect on 351
- Cicindela togata*, survival of anoxia 27
- Coevolution, plants and frugivorous birds 129
- Colorado, succession in aspen communities 197
- Competition, aquatic plants 55
- Dasytus novemcinctus*, spatial patterns 161
- Delaware, swarm migrations of dragonflies 325
- Dreissena spp.*, impact on unionids 299
- Drosophila subobscura*, *D. pseudoobscura*, diurnal activity 34
- Ecology, animal, ant invasion patterns 343
- ant-plant associations 21
- bird community relations to woodland succession 372
- breeding ecology of greater prairie chicken 111
- diet of Indiana bat 280
- diurnal activity of *Drosophila* 34
- Dreissena spp.*, impact on unionids 299
- DNA variation in johnny darters 96
- foraging ecology of gray rat snake 397
- foraging behavior of southern flying squirrel .. 264
- habitat use by porcupines 271
- lack of eastern chipmunk response to forest fragmentation 382
- larval performance of hackberry nipple gall insects 351
- macroinvertebrates colonization of leaf litter .. 314
- mimicry related predation on butterflies 1
- nitrogen requirements of prairie vole 387
- population and habitat of rodents 153
- population dynamics of Alabama beach mice 287
- reproduction of cavity-nesting birds 122
- shorebird use of wetlands 140
- spatial patterns in nine-banded armadillo 161
- survival of immersion and anoxia by larval tiger beetles 27
- swarm migrations of dragonflies 325
- Ecology, plant, adaptations in buffalograss 252
- ant plant associations 21
- branching and fitness of *Verbascum thapsus* 42
- competition among aquatic plants 55
- gaps and thickets of *Myrica cerifera* 68
- grass to forest succession 219
- heavy metal accumulation 245
- presettlement fire in midwest pine forest 206
- seed damage in common vetch 393
- seed processing by frugivorous birds 219
- sludge treated ecosystems 245
- succession in aspen communities 197
- symbionts limit legumes mold fields 90
- tree growth responses 233
- vegetation change on Georgia Piedmont 78
- Elaphe obsoleta spiloides*, foraging ecology 397
- Erethizon dorsatum*, habitat use 271
- Etheostoma nigrum*, *E. susanae*, mitochondrial DNA variation 96
- Evolution, branching and fitness in *Verbascum thapsus* 42
- mitochondrial DNA variation in johnny darters 96
- Pachysylla* on hackberry 351
- selection of regional viceroy butterfly races 1
- Fish, DNA variation in johnny darters 96
- dead fish in lake 192
- Florida, competition among aquatic plants 55
- Fraxinus pennsylvanica*, bird community relations 372
- Georgia, vegetation change on Piedmont 78
- Glaucomys volans*, foraging behavior 264
- Great Lakes, *Dreissena spp.*, impact on unionids 299
- presettlement fires in pine forests 206
- Hurricane Opal, effect on mouse population dynamics 287
- Hypothesis, "foliage is the fruit" 252
- Indiana, transmission of roundworm by raccoon latrines 180
- Insects, ant invasion patterns 343
- ant-plant associations 21
- butterfly survey methods 358
- diurnal activity of *Drosophila* 34
- larval performance of hackberry nipple gall 351
- mimicry-related predation on viceroy butterflies ... 1
- survival of immersion and anoxia by larval tiger beetle 27
- swarm migrations of butterflies 325
- Invertebrates (other than insects), colonization of leaf litter 314
- Dreissena spp.*, impact on unionids 299

- seed dispersal by Banana slug 103
- Iowa, larval performance of hackberry nipple gall
insects 351
- Juglans nigra*, growth responses 233
- Kentucky, DNA variation in johnny darters 96
- Landscape ecology, breeding ecology of greater
prairie chicken and landscape configura-
tion 111
- Limenitis archippus*, mimicry-related predation on 1
- Linepithema humile*, invasion patterns 343
- Mammals, diet of Indiana bat 280
- foraging of southern flying squirrel 264
- lack of response to forest fragmentation 382
- morphology of *Peromyscus* 170
- nitrogen requirement of prairie vole 387
- population and habitat 153
- population dynamics of Alabama beach
mice 287
- raccoon latrine structure and round-
worm 180
- Massachusetts, habitat use by porcupines 271
- Mexico, ant-plant associations in Zapolitan
Valley 21
- Michigan, dead fish in lake 192
- diet of Indiana bat 280
- Microtus ochrogaster*, nitrogen requirements 387
- Mississippi River valley, shorebird use of wet-
lands 140
- Missouri, breeding ecology of greater prairie chick-
ens 111
- Model, optimal foraging 264
- Myotis sodalis*, diet 280
- Myrica cerifera*, gaps and thickets 68
- Nebraska, adaptations in buffalograss 252
- beetle flood tolerance 27
- New York, seed processing by frugivorous birds
and germination 129
- seed damage effects in common vetch 393
- North Carolina, foraging of southern flying squir-
rel 264
- grass to forest succession 219
- North Dakota, butterfly survey methods 358
- Ohio, heavy metal accumulation 245
- reproduction of cavity-nesting birds 122
- tree growth responses 233
- Ontario, branching and fitness of *Verbascum thap-
sus* 140
- Pachypsylla* spp., larval performance 351
- Parasites, helminth in lizard 186
- roundworm transmitted by raccoon la-
trines 180
- Pennsylvania, lack of response of eastern chip-
munk to forest fragmentation 382
- Peromyscus leucopus* *P. maniculatus*, morphological
characters 170
- Peromyscus polionotus ammobates*, population fol-
lowing hurricane 287
- Pinus* spp., presettlement surface fires 206
- Populus deltoides*, growth responses 233
- Populus tremuloides*, succession over 30
years 197
- Predation, on butterflies 1
- Procyon lotor*, latrine structure and roundworm .. 180
- Reptiles, foraging ecology of gray rat snake 397
- helminth in western fence lizard 186
- Sceloporus occidentalis*, helminth communities in .. 186
- South Dakota, bird community relations to wood-
land succession 372
- Succession, bird community relations to wood-
land 372
- grass to forest 219
- in aspen communities 197
- in maritime forests 68
- legumes in old field 90
- on Georgia Piedmont 78
- Tamias striatus*, lack of response to forest fragmen-
tation 382
- Tennessee, foraging ecology of gray rat
snake 397
- Texas, rodent populations and habitat 153
- Theory, optimal foraging 264
- Tympanuchus cupido*, breeding ecology 111
- Verbascum thapsus*, branching and fitness 42
- Vicia sativa*, seed damage effects 393
- Virginia, *Myrica* shrub thickets 68
- Washington, diurnal activity of *Drosophila* 34
